Parentology

Everything You Wanted to Know about the Science of Raising Children but Were Too Exhausted to Ask

Simon and Schuster *An award-winning scientist offers his unorthodox approach to childrearing: "Parentology is brilliant, jaw-droppingly funny, and full of wisdom...bound to change your thinking about parenting and its conventions" (Amy Chua, author of Battle Hymn of the Tiger Mother). If you're like many parents, you might ask family and friends for advice when faced with important choices about how to raise your kids. You might turn to parenting books or simply rely on timeworn religious or cultural traditions. But when Dalton Conley, a dual-doctorate scientist and full-blown nerd, needed childrearing advice, he turned to scientific research to make the big decisions. In Parentology, Conley hilariously reports the results of those experiments, from bribing his kids to do math (since studies show conditional cash transfers improved educational and health outcomes for kids) to teaching them impulse control by giving them weird names (because evidence shows kids with unique names learn not to react when their peers tease them) to getting a vasectomy (because fewer kids in a family mean smarter kids). Conley encourages parents to draw on the latest data to rear children, if only because that level of engagement with kids will produce solid and happy ones. Ultimately these experiments are very loving, and the outcomes are redemptive—even when Conley's sassy kids show him the limits of his profession. Parentology teaches you everything you need to know about the latest literature on parenting—with lessons that go down easy. You'll be laughing and learning at the same time.*

MV Agusta Fours

The Complete Story

Crowood Press Formed as the offshoot of an aircraft manufacturer shortly after World War II, MV Agusta in 1950 commenced production of four-cylinder motorcycles that would prove to be among the world's most successful competition motorcycles and extremely desirable road bikes for more than a quarter-century. Prolific motorcycle author Mick Walker offers background histories and complete specs for all road and race MV Agusta Fours, along with a generous selection of archival photography and a special eight-page color section. Motorsport coverage spans nearly 40 World Championships and includes legendary riders like John Surtees, Giacomo Agostini, and Mike Hailwood. A final chapter updates the MV Agusta story with the latest on Cagiva's resurrection of the

marque in the form of 1998's F4 road bike.
