A SECONDHAND LIE

Tabella House Sometimes you know things you're not supposed to know. Things that you can never un-know. Things that will change the course of your life...and the fate of the ones you love. I found her in our living room, bleeding and close to death, but alive. Barely. Until morning stole her last breath. The media called her killer the "Triangle Terror" ... and then forgot about her. But I never forgot—my murdered sister, and an investigation that led to my own resurrection from the dead. Twenty-two years ago, on a cold February night, Landon Worthington lost his father for the last time. After an armed robbery gone wrong, evidence and witness testimony pointed a shaky finger at Dan Worthington—deadbeat dad and alcoholic husband. But before the dust could settle over the conviction, Landon's preteen sister, Alexis, is murdered in their home, plunging Landon's life into further despair. Two decades and a cold case later, Landon is dogged by guilt over their estranged relationship and decides to confront his incarcerated father about what really happened the night of the robbery. But the years of lies are hard to unravel. And the biggest question of all haunts him: How does everything tie into his sister's murder? And so begins Landon's journey to piece together the puzzle of secrets, lies, and truths that can free his father, avenge his sister, and perhaps save himself. A short story mystery perfect for fans of Robert Dugoni's *Third Watch* and Dean Koontz's *The Neighbor*. Read as a standalone or as the companion book to *A Secondhand Life*.

THE OROMO MOVEMENT AND IMPERIAL POLITICS

CULTURE AND IDEOLOGY IN OROMIA AND ETHIOPIA

Lexington Books Focusing on the issue of the Oromo national struggle for liberation, statehood, and democracy, this book critically examines the dialectical relationship between Ethiopian colonialism and Oromo culture, epistemology, politics, and ideology in the context of the accumulated collective grievances of the Oromo nation. Specifically, the book identifies chains of sociological and historical factors that facilitated the development of Oromummaa (Oromo nationalism) and the Oromo national movement. It demonstrates how the Oromo national movement has been challenging and transforming Ethiopian imperial politics, tracks the different forms and phases of the movement, and maps out its future direction. Currently, the Oromo are the largest ethno-national group and political minority in the Ethiopian Empire. They were colonized and incorporated into Ethiopia as colonial subjects in the last decades of the 19th century through the alliance of Abyssinian/Ethiopian colonialism and European imperialism. Since their colonization, the Oromo people have been treated as second-class citizens and have been economically exploited and culturally and politically suppressed. Despite the fact that Oromo resistance to Ethiopian colonialism existed during the process of their colonization and subjugation, it was only in the 1960s and 1970s that Oromo nationalists initiated organized efforts to liberate their people. Presently, Oromo nationalism plays a central role in Ethiopian politics.

Also the best of Cookie's art columns from *Details* magazine, and the funniest of her advice columns from the *East Village Eye*, on everything from homeopathic medicine to how to cut your cocaine with a healthy substance. This collection is as much an autobiography as it is a map of downtown New York in the early '80s - that moment before *Bright Lights, Big City*, before the art world exploded, before New York changed into a yuppie metropolis, while it still had a glimmer of bohemian life.
