Yet the very process by which we represent these cultural transfers is itself subject to cultural, political, and ideological conditions that affect our understanding, acknowledgment, and representation of them. Built around concrete examples of controversial representations of cultural transfer from Asia, the Arab world, and Europe, Cultural Transfers in Dispute presents a critical self-reflection on the scholarly practices that underpin our attempts to study and describe other cultures.* **For the Love of Europe My Favorite Places, People, and Stories** [Rick Steves](#) *After 40+ years of writing about Europe, Rick Steves has gathered 100 of his favorite memories together into one inspiring collection: For the Love of Europe: My Favorite Places, People, and Stories. Joined by his wife, Abigail, in 1784, the two shared rich encounters with famous heads of the European royal courts, including the ill-fated King Louis XVI and Queen Marie-Antoinette, and the staid British Monarchs King George III and Queen Charlotte. In this engaging narrative, A View from Abroad takes us on the first full exploration of the Adams's lives abroad. Jeanne E. Abrams reveals how the journeys of John and Abigail Adams not only changed the course of their intellectual, political, and cultural development—transforming the couple from provincials to sophisticated world travelers—but most importantly served to strengthen their loyalty to America. Abrams shines a new light on how the Adamses and their American contemporaries set about supplanting their British origins with a new American identity. They and their fellow Americans grappled with how to reorder their society as the new nation took its place in the international transatlantic world. After just a short time abroad, Abigail maintained that, "My Heart and Soul is more American than ever. We are a family by ourselves." The Adamses' quest to define what it means to be an American, and the answers they discovered in their time abroad, still resonate with us to this day.* **The Publishers' Circular and Booksellers' Record of British and Foreign Literature The Nation The Foreign Quarterly Review True Loves My Fellowship Year Abroad** [iUniverse](#) *Peter Newman's first true love is sex, which eventually leads to a youthful indiscretion. This book draws on a unique survey of randomly selected samples of national and European binational couples to demonstrate that the latter are core cells of a future European society. Unrestricted freedom of movement has enabled a rise in the number of lower-class and middle-class binational couples among Europeans. Euro-couples fully integrate in their host cities but secure less support in solving everyday problems than do national ones, partly because of a relatively small network of relatives living close-by. Embeddedness in a dense international network and a cosmopolitan outlook also distinguish them from national couples. The book challenges the view of cosmopolitanism as exclusively middle-class and highlights contrasts between lower-class and middle-class binational couples. Furthermore, it shows that social cosmopolitanism among binational couples is not matched by a commensurate weaker national identification that would enhance support to a more federal Europe. This book is primarily addressed to the general public interested in contemporary European society and to academics interested in inter-marriage. Since the chapters are quasi stand-alone pieces devoted to specific topics, it provides suitable reading material for social stratification, social networks, civil society, popular culture, and European integration undergraduate and graduate courses.* **How to Quit Your Job & Travel***

You'll learn to identify and navigate fears and obstacles in your way as you develop a rough outline for your trip, set yourself a departure deadline, calculate the cost of your adventure, start working towards a specific savings goal, and turn your travel dream into an actionable plan. Part Two takes place in the months before your trip, as you finalize your plans, pack your bags, book your itinerary, and tie up loose ends at home. You'll learn how to effectively plan a long-term trip, tackle each piece of the logistical puzzle of placing your life on hold, find out what to pack (and what to leave at home), and take off on the adventure of a lifetime. Part Three prepares you for the trip itself, including all the things that nobody tells you about long-term travel, how to stay safe and prevent theft, and what to do if you find yourself running out of funds. You'll learn about the many challenges of long-term travel, the beauty of "travel magic," and how to overcome challenges while you're on the road. Part Four occurs after the trip, as you return home and reintegrate into ordinary life. We'll cover how to prepare yourself for the most difficult part of long-term travel, including picking back up where you left off with your career (or choosing not to), and how to use the skills you learned during your travels to identify your needs and adjust to the life you've returned to. In each part of the book, you'll find specific, actionable advice interwoven with stories and mishaps from the author's year-long honeymoon.
