GODFORSAKEN

Author House In Godforsaken, Sophia is the creator of the universe and everything in it. She roamed this planet with nothing except the four elements. Throughout centuries of loneliness, Sophia began creating life to enjoy all the natural splendors; but something unforeseen happened. Among her many creations, Sophia was overcome by a strange feeling, it was love. Sophia ended up falling for the one man she could not have, because Lucifer is the one man she could not control. Despite their opposing natures, Sophia and Lucifer gave their love a try. As time went on, Sophia grew distant, but not by choice. She had an obligation to preserve humanity, after the success of her latest creation, humans. Lucifer grew weary of humans, feeling jealous of the attention they were receiving. In a desperate act of love, Lucifer killed the first humans Sophia created, and the result was contrary to what he had hoped. Sophia left him, bringing on the ice age through the coldness of her heart. As time went by Sophia traveled the Earth protecting her creations from her devious ex, avoiding all possible contact with him. One day Sophia unexpectedly bumps into Lucifer, and the reunion brought up a mixture of feelings. Though she was able to suppress her love all these years, the lack of his presence made it easy; but seeing him again left her in emotional turmoil. She was left with a crucial decision, should she give the man she loves a second chance. Could the world survive without a god, or can someone survive without love? Her decision would have tremendous repercussions; we'll get to see what happens when god puts herself before everyone else.

THE TALIBAN DON'T WAVE

John Wiley & Sons Captain Robert Semrau's military trial made international headlines—a Canadian soldier serving in Afghanistan arrested for allegedly killing a grievously wounded Taliban soldier in the field. The trial and its outcome are a matter of public record. What you are about to read about the tour of duty that inspired this book is not. What you are about to read is an emotionally draining and mind-snapping firsthand account of war on the ground in Afghanistan. It's raw and explosive. Names have been changed to protect the brave and not so brave alike. What you are about to read is an account of soldiers who live, fight and die in a moonscape of a country where it's sometimes hard to tell your friend from your enemy. It's about trying to hold it together when a mortar attack is ripping your friends and allies apart, and your world unravels before your eyes. Rob Semrau wrote this book to tell us about the sheer hell that is the Stan, but also to recognize the incredible courage and compassion he witnessed in the heat of battle. The soldiers you are about to meet and the events that befall them will linger on in your mind long after you have closed these pages.

IN THE DAYS OF CORONADO

Dog Ear Publishing Dear reader, the first novel of this series is titled OHIO. And, maybe you are on your computer right now, trying to decide whether or not to purchase it. Maybe you are in a bookstore and holding it in your hands; you have studied its cover, you've already read the opening lines, and you've flipped to the middle and read something there. Maybe you have read the last paragraph. Maybe you have done the same with all three novels. Dear reader, the novels are not for you, unless you possess the desire to listen with all your heart to the words you will find in them. If this desire is yours, I, Jonathan Kensett, welcome you into a world I could not have known if I had not listened with all my heart, as well, that fateful evening when I had dinner with Abby Vredenburgh in Sunbury, Ohio. That night the real journey began for me. Dear reader, I would invite you to journey with me through OHIO, and then to continue the journey through IN THE DAYS OF CORONADO and TERRAM NOVAM. After you have read the first three there are more. NOWHERE, soon to be released is the story of a ghost town in Southeast Utah, but it is much more than just a story about a ghost town. ROSE OF SHARON 1896-1974, also soon to be released, is the story of a little town in Northern Ohio established in 1866 in the novel OHIO; it is the story of the town seen through the eyes of three generations of another family, and it too is much more than a story about a small town. And, the next novel in the series, THE SIX POINTS OF THE STAR, is still a shadowy sketch inside my mind. But, it can't remain a sketch for much longer. Sometimes I wish I had never gone to Ohio to observe that Civil War Battlefield Reenactment of the Battle of Second Bull Run and to write that series of articles for Stars and Stripes Magazine. Sometimes I wish I had not met Abby Vredenburgh, may he rest in peace. Sometimes I wish I had not gone to New Mexico and found what I found on the mesa. Sometimes I look into the mirror and wish so many things could have been different. I wish I would not have to think about certain things like war and death, like pain and loss and grief, and deception and betrayal. I wish life could be free of such things. I long for redemption and freedom from suffering. I long for a world where nothing is hidden because there is no reason to hide. And, I long for the day when this story is finished but the more I write the more I understand it can never be finished until... Jonathan Kensett was born in 1952 and spent his youth traveling and living

in many, many places on planet earth. At age seventeen, he lied to get into the U.S. Army, was sent to Viet Nam and served in Company D, 1st Battalion, 501st Infantry Regiment, 101st Airborne Division, 1969-1970. After that, he went to Harvard and earned degrees in journalism and law. He has not practiced law, choosing instead to be a free-lance writer. He will always wonder if he made the right choice. Now that he is too old to change he might as well try to enjoy every day as much as possible. No one writes like him. No one.

THE DEEPEST BELONGING

A STORY ABOUT DISCOVERING WHERE GOD MEETS US

Fortress Press Where does God meet us in this life? Rooting Christian faith in joy, freedom, and trust that God interacts with us in this life, *The Deepest Belonging: A Story of Discovering Where God Meets Us* invites readers to walk through surprising doorways--weakness, vulnerability, smallness, rest, and honesty--into a new perspective of the Christian life and the role of the pastor. Kara Root draws wisdom from three compelling stories, all about finding freedom on the other side of fear. In one thread, Marty, a member of the small congregation Root serves, learns that he is dying. In the second, Root finds that her once-invincible faith of assurance and answers collapses. These stories come together in a third, when the congregation does a unique and counterintuitive thing: it commissions Marty to a "ministry of dying." By embracing instead of fleeing death, Marty, this community, and Root herself are infused with life through shared experiences of God. They learn to be vulnerable and brave. They discover--again and profoundly--an unguarded faith of wondering and watching for God's presence. This is a book for all pastors and church leaders, as well as for those disillusioned with Christianity and the church and longing for something more real and honest. It explores questions such as: How does God meet us? What is church for? What is a pastor? What does it mean to be truly human? *The Deepest Belonging* is a call not to resist but to embrace our vulnerability. As a move away from religion seeking security, protection, and influence, this story invites individuals and congregations to return bravely to the core of our humanity: our belonging to God and one another.

BEAUTIFUL GHOSTS

A QUEER MEMOIR OF SAN FRANCISCO

McFarland A Generation X transgender woman, Sherilyn Connelly came out of the closet in 1999. Her own identity still emerging, she had stumbled into a difficult, stifling relationship. Also, her employment at a tech company ceased when the dot-com bubble burst. It was a goth boy from Bolinas that first took her shopping for make-up, and the San Francisco goth scene became her respite. This wickedly eye-opening memoir reveals how Connelly dealt with a toxic partner and found her voice as a woman. A longtime cinephile, it tells how she became a writer, rekindled a love for cult films and horror conventions, and learned "the secret to becoming a star." Her remembrances are also a tale of a bygone era of sex, music and San Francisco and its darkened underworld of goth strays--her literate vampires and beautiful ghosts.

GODFORSAKEN GRAPES

A SLIGHTLY TIPSY JOURNEY THROUGH THE WORLD OF STRANGE, OBSCURE, AND UNDERAPPRECIATED WINE

Abrams There are nearly 1,400 known varieties of wine grapes in the world—from altesse to zierfandler—but 80 percent of the wine we drink is made from only 20 grapes. In Godforsaken Grapes, Jason Wilson looks at how that came to be and embarks on a journey to discover what we miss. Stemming from his own growing obsession, Wilson moves far beyond the "noble grapes," hunting down obscure and underappreciated wines from Switzerland, Austria, Portugal, France, Italy, the United States, and beyond. In the process, he looks at why these wines fell out of favor (or never gained it in the first place), what it means to be obscure, and how geopolitics, economics, and fashion have changed what we drink. A combination of travel memoir and epicurean adventure, Godforsaken Grapes is an entertaining love letter to wine.

A native of Boston and a graduate of an Ivy League college, Beatrice is a fish out of water in Seneca County; although she maintains contact with certain friends and family, too often, Beatrice retreats into her work as a translator and editor, or into the bottle of Jack Daniel's she maintains nearby. Fate finally intervenes, requiring Beatrice to befriend and shelter Clara, an abused teenager, and accept the job of ghostwriting the memoir of her dashing but enigmatic neighbor, Tanner Fordyce. Gradually, Beatrice finds her resolute independence and crusty reserve soften, her carefully constructed barriers fall, and her guarded and self-protective nature moderates, as she explores the renewed pleasures of emotional involvement. Best-selling author Dinesh D'Souza (*What's So Great About America*) approaches Christianity with a skeptical eye, but treats the skeptics with equal skepticism. The result is a book that will challenge the assumptions of doubters and affirm that there really is, indeed, something great about Christianity.

CREATURE STORMS

Xlibris Corporation A WW II and Korean War pilot and hero, a patriotic, middle American farmer who'd trusted his government with two sons in Vietnam, and been betrayed in that, after having his farm largely controlled by his government all his life, is in jeopardy of losing his homestead of 150 years. After his death, his sons scramble to hold onto the farm and make sense of all this and each other. A seed that Deke, the middle of three sons, and Barrett, his friend had brought back from Vietnam seventeen years earlier and kept pure, becomes a means of saving the farm, but in the process the hallucinogen from the seed begins to warn them of some imminent catastrophe through raining creatures and Barrett's visions. The plant the government's trying to suppress brings them signs and warnings about what their government's doing, as Barrett begins seeing Vietnamese spirits or "visitors" in the woods and fields when he ingests the stuff. *Creature Storms* is a rawly told and original work, a grounded human story of three brothers and a blood brother, their love for and struggle with each other, their country, and the sacrifices they make to hold onto their land which they had already risked their lives in war to protect. Politically timely, *Creature Storms* unfolds on a number of dramatic levels that build into an apocalyptic ending.

KINGDOM COME

THE KINGDOM OF GOD IN THE TEACHING OF JESUS

Wipf and Stock Publishers In recent years the theme of the kingdom of God has come to the forefront in the preaching, teaching, and popular writing of Christians of all theological persuasions. Any attempt to gain clarity on the biblical meaning of the phrase the "kingdom of God" must take the teaching of Jesus as its major point of reference; for the prominence of kingdom terminology today is directly attributable to the great frequency with which he appealed in his teaching to the notion of God's kingdom. In this little book, the author sets Jesus' proclamation of the kingdom of God against its Jewish background and discusses some of the characteristic emphases that appear in Jesus' message. He then identifies three broad ways in which God's kingdom operated in Jesus' ministry, which he suggests provide, at least in broad outline, an agenda for the Church today as it strives to bear witness to the "gospel of the kingdom" entrusted to it by its Lord.

THE DARK WOMB

RE-CONCEIVING THEOLOGY THROUGH REPRODUCTIVE LOSS

SCM Press The experience of reproductive loss raises a series of profoundly theological questions: how can God have a plan for my life? Why didn't God answer my prayers? How can I have hope after such an experience? Who am I after such a loss? Sadly, these are questions that, along with reproductive loss, have largely been ignored in theology. Karen O'Donnell tackles these questions head on, drawing on her own experiences of repeated reproductive loss as she re-conceives theology from the perspective of the miscarrying person. Offering a fresh, original, and creative approach to theology, O'Donnell explores the complexity of the miscarrying body and its potential for theological revelation. She offers a re-conception of theologies of providence, prayer, hope, and the body as she reimagines theology out of these messy origins. This book is for those who have experiences such losses and those who minister to them. But it is also for all those who want to encounter a creative and imaginative approach to theology and the life of faith in our messy, complex world.

LIFE AFTER DEATH

THE EVIDENCE

Simon and Schuster Unlike many books about the afterlife, Life after Death makes no appeal to religious faith, divine revelation, or sacred texts. Drawing on some of the most powerful theories and trends in physics, evolutionary biology, science, philosophy, and psychology, D'Souza shows why the atheist critique of immortality is irrational. It is not only reasonable to believe in life after death; it is also beneficial. Such a belief gives depth and significance to this life, a path to happiness, and reason for hope.
