## Christian Eternalism

*ChristianEternalism.org* John A. Widtsoe said "The Gospel may be said to be 'The philosophy of Eternalism.' The Gospel is immersed in the ocean of eternity." Neal A. Maxwell said "Eternalism is defined as that view of man and the universe which not only acknowledges, but exults in, the existence of a Heavenly Father...Eternalism focuses on the individual and on those processes in which the individual is taught correct principles and then is given optimum opportunity to govern himself...For those who believe we are all going to be around forever, it is both natural and wise to concern ourselves with such questions and also with such principles which are also going to be around forever." These quotes involving the word "Eternalism" indicate a deep philosophical foundation underlying everything about the restored gospel of Jesus Christ. This book describes some of the philosophical foundations of what Latter-day Saints call the Restoration. In the broadest sense, philosophy is concerned with mankind's relationship to existence, whereas theology is concerned with mankind's relationship to God. Both philosophy and theology are important to Latter-Day Saints because one's view of God is greatly influenced by one's view of reality. Eternalism then, in the broadest sense, is Latter-day Saint theology explained within a philosophically sound structure.

## Transforming from Consumer to Producer in 90 Days

## \$Aving Money, Energy, and Time Equals More Money to Invest

*AuthorHouse* **FOREWORD** The core concept is not just saving money, but saving time and energy as well. These savings are multiplied together, giving you more money to invest. To summarize, I created the equation:  $\$ET = M2 \text{ to INVEST}$ , in which saving Money, Energy, and Time ( $\$ET$ ) are multiplied to generate (=) More Money (M2) to INVEST. This equation is fundamental to your success! You must be prepared to take action to start having enough money to accomplish your goals, to stop living paycheck to paycheck, and to retire early. If you are on course to make the same income as last year or, worse, facing declining take-home pay because of ever-increasing taxes, medical costs and declining economy, dont give up! Saving money, energy, and time will generate more money to investcreating real income and wealth. Transforming you from consumer to producer! You must expand yourself personally as well as enhance your inner and micro economics. Rather than growing a mega-companys revenue or the financial fortitude of millionaires pockets, you are going to grow your own individual savings account, retirement plan, and childrens college funds. This book is a guide to help you create a path and roadmap to a life of saving money, reducing debt, living efficiently, and creating wealth by investing within a reasonable timeframe. Together we will examine four major building blocks that inspire and accelerate behavioral changes: 1.Why and how to change your behavior and lifestyle. 2.How to save money, energy, and time. 3.How to invest your money, energy, and time savings to improve your present situation and build for the future. 4.How to create and implement a transformation plan. Progressive ideas and hilarious cheap strategies are also detailed. These are necessary to

exceed your personal and financial goals. I want you to be thrilled about life, saving money for a brighter future, and early retirement, while having fun at the same time.

## Tragedy in Sedona

# My Life in James Arthur Ray's Inner Circle

*Pen and Publish Inc* "James Ray's debut in the film, *The Secret*, thrust him into the spotlight. . . appearances on Oprah and Larry King Live... 'Tragedy in Sedona' is a behind the scenes look at the rise and fall of the James Ray Empire, through the eyes of an ultimately disenchanted follower. Connie Joy takes you on her personal and authentic journey-from being a devoted member of James' inner circle and Dream Team to...trying to warn others." ~From the Foreword by forensic psychiatrist Dr. Carole Lieberman Follow Connie Joy inside the seminars and once-in-a-lifetime trips to Egypt and Peru for an up close look at the transformative work of a charismatic teacher-and the underlying danger of mixing up the message with the messenger! In 2007, Connie participated in Ray's sweat lodge, a Native American ceremonial sauna meant to be a place of spiritual renewal and mental and physical healing. It turned out to be only a test of endurance for Connie and many of the participants. Her prediction that someone could be seriously hurt came true in October 2009 when three people died and 18 participants were injured during a sweat lodge run by James Arthur Ray and his staff. After injuries at his previous events, why didn't Ray get the message he was literally playing with fire? Connie and her husband attended 27 events over three years presented by James Arthur Ray, "Rock

Star of Personal Transformation." As this book is released, Ray is charged with three counts of manslaughter and faces a criminal trial in Arizona as well as numerous civil suits.

## Always, Yes Always, Expect Miracles!

### A Compilation of Inspirational Articles and Thoughts from the 'Wright Place'.

*Author House* **Many of us simply don't have time in our busy lifestyles for anything spiritual. We don't set aside 'me' times. Often we skip reading 'Inspirational' stuff because we rationalize that we have more important things to do. I was one of those people. This was one of those things. Too busy to read any self-help or inspirational stuff, let alone 'Law of Attraction' books. I thought I was above that. I didn't need self-help. At least, not until Miracles started to happen. When things seem to be as bad as they can be, if we look within, we all can discover 'The Power'. Each one of us has it. It exists within us all. It's love. And when we become aware and conscious, we can feel the energy. We can use this energy to guide us through our life. To find happiness and peace. The Power doesn't exist outside. It lives within our hearts. Understand the Universal Laws and use them to design the life of your dreams. Set yourself up to receive everything you always wanted in life. Once you begin to see the light, you'll never go back to darkness. Surround yourself with positive people. And remember, you 'get what you give'. And always, yes always, EXPECT Miracles!**

# Death Is Not "The End"

## One Agnostic's Journey on the Bumpy Road to Belief

*Abbott Press* On December 23, 2003, as death released her beloved husband, Max, from the ravages of cancer, Mandy Berlin's life also changed. Soon after her husband passed away, Mandy began to experience uncanny, even miraculous happenings. As a retired scientist, she approached the mystery the way she had been trained to do--through empirical observation and analysis. She kept meticulous records of the astounding sights and sounds she witnessed. Her documentation also included the stories of stunned loved ones who called her in the days after Max passed. The result is *Death Is Not "The End"*, the detailed account of her journey from grief to hope and faith. An agnostic in the years before her husband's death, she knew that these amazing experiences challenged her lack of belief. Time and again, a synchronistic melody would play as an uncanny episode presented itself to awestruck Mandy and others. Here, she invites readers into detailed accounts of more than fifty experiences beyond natural explanation. On the one-year anniversary of her beloved Max's departure, another life-changing event opened Mandy's eyes to a startling promise, and a new way of living/being. Was Max really gone forever? One year after he died, just minutes before the time recorded on her husband's death certificate, Mandy witnessed a mind-numbing event that had the effect of solidifying her awe-inspiring experiences. She now embraces a new understanding of life, death, and the subtle boundaries between, and shares it all in this memoir.

## The Business of Redemption

## The Price of Leadership in Both Life and Business

*Morgan James Publishing* In a world that often appears to be spinning out of control, there has possibly never been a time when the need for true leaders has been more urgent than today. Leadership is certainly an enigma. Some believe that a leader is someone who has followers. Does that mean that the person with the most Twitter followers or Facebook fans is a true leader? Hardly. While followers may be part of the equation, leadership cannot be about followers alone; and it can't be just about winning the popular vote. In fact, some of the greatest leaders in history

were the least popular. In *The Business of Redemption*, James Arthur Ray brings together his nearly 30 years of experience in leadership, entrepreneurship, performance, and business. He tracks his meteoric rises and epic falls, successes and failures, to suggest that leadership is about “paying the price.” Leadership is earned through battles and risk, failures and successes, resilience and grit and resourcefulness; and the courage and commitment to get back up and never give up. True leaders take Absolute Responsibility when things go badly; and they give all the credit and praise when things go famously well. True leaders are fighting for a cause that’s bigger than their own personal creature comforts, moods, and needs and that takes *The Business of Redemption*.

## "All the Real Indians Died Off"

# And 20 Other Myths About Native Americans

*Beacon Press* **Unpacks the twenty-one most common myths and misconceptions about Native Americans** In this enlightening book, scholars and activists Roxanne Dunbar-Ortiz and Dina Gilio-Whitaker tackle a wide range of myths about Native American culture and history that have misinformed generations. Tracing how these ideas evolved, and drawing from history, the authors disrupt long-held and enduring myths such as: "Columbus Discovered America" "Thanksgiving Proves the Indians Welcomed Pilgrims" "Indians Were Savage and Warlike" "Europeans Brought Civilization to Backward Indians" "The United States Did Not Have a Policy of Genocide" "Sports Mascots Honor Native Americans" "Most Indians Are on Government Welfare" "Indian Casinos Make Them All Rich" "Indians Are Naturally Predisposed to Alcohol" Each chapter deftly shows how these myths are rooted in the fears and prejudice of European settlers and in the larger political agendas of a settler state aimed at acquiring Indigenous land and tied to narratives of erasure and disappearance. Accessibly written and revelatory, "All the Real Indians Died Off" challenges readers to rethink what they have been taught about Native Americans and history.

## The Kybalion

## A Study of The Hermetic Philosophy of Ancient Egypt and Greece

*Sunsight Press* **The Kybalion: A Study of the Hermetic Philosophy of Ancient Egypt and Greece** is a book originally published in 1908 by New Thought author William Walker Atkinson under the pseudonym "The Three Initiates". This book is not exactly The Kybalion itself, it is more of a critical interpretation by Atkinson on hermetic philosophy. As such, it should be read with this in mind that it is not an authoritative hermetic text, but one only dedicated to Hermes Trismegistus. The Kybalion presents seven universal principles it proposes to be the Seven Hermetic Principles: Mentalism, Correspondence, Vibration, Polarity, Rhythm, Cause and Effect, and Gender. These principles are essentially explications of cycles, and before these principles is the notion of the primacy of mind as

the cause of All (philosophical mentalism). This idea of mentalism is inspired by what is written about the Mind in The Hermetica. Coinciding with Spiritualism, New Thought, and Theosophy, the book became very popular in New Age movements, particularly with its notion of spiritual and mental alchemy. The Kybalion is a text which must be read with this in mind, while it is an interpretation of hermetic philosophy, it is in part still a relic of its time. Its influence cannot be understated, and the need to read it critically cannot be overstated.

## Beyond The Secret

# The Definitive Unauthorized Guide to The Secret

*Red Wheel Weiser* Based on a best-selling documentary film of the same name, this books presents the “Law of Attraction,” which, according to the tagline, “has traveled through centuries to reach you.” By synthesizing “how to get rich” ideas from classic self-help books by Wallace D. Wattles (The Science of Getting Rich), Napoleon Hill (Think and Grow Rich!), and Charles Haanel (The Master Key System) with twenty-five modern-day self-improvement gurus like Jack Canfield, Bob Proctor, Michael Bernard Beckwith, James Ray, Lisa Nichols, and Joe Vitale, author Rhonda Byrne and her team have created an almost alchemically rich and compelling promise. They claim that “The Secret” was discovered by such historical luminaries as Plato, da Vinci, Galileo, Napoleon, Hugo, Beethoven, Newton, Edison, and Einstein/ that “The Secret” has existed in fragments in religions, philosophies, and oral traditions for centuries . . . but only now has it all been put together. “The Secret is everything you have dreamed of . . . and is beyond your wildest dreams,” trumpet the marketing materials. Could it really be true, or is it just a new spin on the very old (and decidedly not secret) “the power of positive thinking” wedded to “ask and you shall receive”? Alexandra Bruce goes behind the scenes to investigate the phenomenon, from its roots in Australia to the sales bonanza that has seen creator Rhonda Byrne become the most successful debut author in memory. Bruce takes a hard but fair look at the “teachers” featured in The Secret and the “Law of Attraction” that is the central theme. To truly understand the significance of The Secret, perspective is needed. Beyond The Secret delivers that and much more.

# The Millionaire Fastlane

## Crack the Code to Wealth and Live Rich for a Lifetime

*Viperion Publishing Corp* **10TH ANNIVERSARY EDITION** Is the financial plan of mediocrity -- a dream-stealing, soul-sucking dogma known as "The Slowlane" your plan for creating wealth? You know how it goes; it sounds a lil something like this: "Go to school, get a good job, save 10% of your paycheck, buy a used car, cancel the movie channels, quit drinking expensive Starbucks mocha lattes, save and penny-pinch your life away, trust your life-savings to the stock market, and one day, when you are oh, say, 65 years old, you can retire rich." The mainstream financial gurus have sold you blindly down the river to a great financial gamble: You've been hoodwinked to believe that wealth can be created by recklessly trusting in the uncontrollable and unpredictable markets: the housing market, the stock market, and the job market. This impotent financial gamble dubiously promises wealth in a wheelchair -- sacrifice your adult life for a financial plan that reaps dividends in the twilight of life. Accept the Slowlane as your blueprint for wealth and your financial future will blow carelessly asunder on a sailboat of HOPE: HOPE you can find a job and keep it, HOPE the stock market doesn't tank, HOPE the economy rebounds, HOPE, HOPE, and HOPE. Do you really want HOPE to be the centerpiece for your family's financial plan? Drive the Slowlane road and you will find your life deteriorate into a miserable exhibition about what you cannot do, versus what you can. For those who don't want a lifetime subscription to "settle-for-less" and a slight chance of elderly riches, there is an alternative; an expressway to extraordinary wealth that can burn a trail to financial independence faster than any road out there. Why jobs, 401(k)s, mutual funds, and 40-years of mindless frugality will never make you rich young. Why most entrepreneurs fail and how to immediately put the odds in your favor. The real law of wealth: Leverage this and wealth has no choice but to be magnetized to you. The leading cause of poorness: Change this and you change everything. How the rich really get rich - and no, it has nothing to do with a paycheck or a 401K match. Why the guru's grand deity - compound interest - is an impotent wealth accelerator. Why the guru myth of "do what you love" will most likely keep you poor, not rich. And 250+ more poverty busting distinctions... Demand the Fastlane, an alternative road-to-wealth; one that actually ignites dreams and creates millionaires young, not old. Change lanes and find your explosive wealth accelerator. Hit the Fastlane, crack the code to wealth, and find out how to live rich for a lifetime.

## The Good News About What's Bad for You . . . The Bad News About What's Good for You

*Flatiron Books* **Eat more steak, drink more whiskey, take more naps, lay off all the kale, and throw out your multivitamins and standing desk.** In **The Good News About What's Bad For You...The Bad News About What's Good for You** author Jeff Wilser shares all the research that allows you to celebrate all your vices and stop feeling bad about not brushing your teeth after eating that extra slice of cake. This book has two sides to it: one sharing all the good news, then the flip side contains all the bad news, making this the perfect gift that people will want to share and commiserate over with friends. Told with wit, charm, and a large dose of humor, the author sprints through a broad range of topics-from coffee to green tea, tequila to Vitamin Water, to apologizing and swearing. Wilser

sifts through each study to reveal everything from the merits of procrastination to the downsides of yoga. In an age where so many people bend over backwards in pursuit of the most healthy and "pure" lifestyle, *The Good News/The Bad News* reminds readers to stop denying yourself pleasure and brings back to the tried-and-true golden rule of "everything in moderation."
