Environmental Radiation Measurements

Recommendations of the National Council on Radiation Protection and Measurements

Ncrp "In recent years, the need for accurate, reliable and interpretable measurements of environmental radiation and radioactivity has increased steadily. Such requirements as the assessment of exposure to man from natural and

manmade sources, the evaluation of compliance with governmental regulations, knowledge of the movement and retention of manmade radionuclides due to man's use of such materials, and the investigation of geological processes and atmospheric phenomena have all contributed to this need. This report presents a unified and systematic consideration of environmental radiation measurements, especially with respect to the identification and characterization of small radiation fields and small concentrations of specific radionuclides, and the even smaller variations or changes in them. The role of measurements in the realistic assessment of dose to man through critical pathways is emphasized, serving as an introduction to the detailed discussions on sampling and sample analysis for radioactivity. Finally, the future needs and uses of environmental measurements, of new instrumentation, and of improved interpretations of the results are presented." --From Preface, page iii.

From an Out House to the White House

And Then Some

Stratton Press With over five decades of service to his country, Hal is certainly not a man to be easily detoured or dissuaded from his mission. This book is a real testament of how long-suffering, perseverance, loyalty, integrity, and patriotism. Hal's wit and humor which he never outgrew even until today, allowed him to associate with highly recognized and well-established people. His life really began after he was kicked out by his father. He had a bitter childhood that continued well into his teens, but everything changed after he became a member of the United States Marine Corps. His success was not given to him on a silver platter, it was definitely a roller-coaster adventure. He lived, he laughed, he cried, he loved, he fell, and he rose yet again. From an Outhouse to the White House, and Then Some, will show you just how he did it. Hal Davis is a distinguished US Marine (Ret.) with a career that spanned twenty-two years. In his heart, service is for a lifetime. He grew up in Morehead, Kentucky, and life back then was never easy. Deprived of all the good things that a childhood normally brings, he remained steadfast in reaching his goals. He became a Tennessee State Trooper, FBI Special Investigator, United States Secret Service Agent to two US presidents, and a Marine and Naval Criminal Investigator. He had a fulfilling forty-two-year career, but more than that, Hal is a loving husband to Susan and a father-hero figure to Allison, who's now their guardian angel in heaven.

Georgia Speculation Unveiled

Relates to the second "Yazoo" sale, whereby Georgia disposed of 22 million acres of her western lands to four land companies in Jan. 1795. The sale was annulled Feb. 1796, but not before the Georgia Mississippi Company, one of four, had disposed of a part of its holdings to the New England Mississippi Company.

Gaps Diet Slow Cooker Cookbook

Healthy Slow Cooking Recipes to Lose Weight and Heal Your Gut

Abigail Kahn "All adults and children must have access to this diet..." - says one of the leading authorities in the medical community. Discover A 6 Phase Self-Healing Cookbook That Has Helped Regular Americans Impact and Heal ADHD, Autism, Bloating, IBS, and many other conditions while still enjoying their favourite foods! Just like you, I was a complete sceptic. To me, the word "Diet" always meant something superficial, something that doesn't last long and works more like a temporary hype than actually helps people get better and improve. And I am a guy who is always looking for proof. I am not a dietitian, but more because I just learned not to trust what people tell me and use my own head to find out the answers. I found it about 8 years ago while looking for a food solution to help my son get better at ADHD. And we all know how important it is to be extremely careful when changing or restricting something from children's diet. Take a look a look at what's inside: What is GAPS, and how is it different from all other diets out there? (my personal research and discoveries) 7 GAPS principles that will allow you to get the biggest benefits for your mental and physical health 6 cost-effective and extremely beneficial natural supplements that will improve and complete your self-healing process (and at least 5 of them you can find in your local grocery store) Breakfast, lunch, dinner, snack, dessert, and soup recipes for just about any occasion you can think of (they are extremely delicious and easy to make!) Much much more... Remember that you don't need to be a diet expert nor a chef to sustain and get the most out of this cookbook. Just follow the directions of this book and make this self-healing journey effortless and enjoyable! Don't wait; scroll up, click on "Buy Now," and Start Reading!

Gender and Politics in the Age of Letter-Writing, 1750–2000

Taylor & Francis Letters have long been an outlet for political expression, whether they articulate the personal politics of the daily routine or the political views of individuals who witness or participate in dramatic events. In addition, letters can be unusually revealing records of the relations between men and women. Though letters have frequently been studied as a privileged space for literary, social, and cultural expression, the three-dimensional relationship of politics, gender, and letters has not been the focus of an entire volume. The nineteen essays in this collection examine how the gendered nature of political literacy is revealed over a 250-year period through letter writing, whether the writer is famous or unknown, the wife of a prominent politician or activist, a political prisoner or political militant. Ranging wide in terms of subject matter and geography, the contributors examine correspondence that ponders familial concerns, as well as letters providing political commentary on the effects of war or revolution on everyday life. Among the impressive group of international scholars are Jim Allen, Clare Brant, Edith Gelles, Jane Rendall, and Siân Reynolds.

A Report of the 68th Convocation of the Rose Cross Order

Trieste Publishing Trieste Publishing has a massive catalogue of classic book titles. Our aim is to provide readers with the highest quality reproductions of fiction and non-fiction literature that has stood the test of time. The many thousands of books in our collection have been sourced from libraries and private collections around the world. The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original. Our readers see the books the same way that their first readers did decades or a hundred or more years ago. Books from that period are often spoiled by imperfections that did not exist in the original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely that this would occur with one of our books. Our extensive quality control ensures that the readers of Trieste Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the books in the collection, repairing, or if necessary, rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original, and to the maximum degree possible, gives them the experience of owning the original work. We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality, but also providing value to every one of our readers. Generally, Trieste books are purchased singly - on demand, however they may also be purchased in bulk. Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates.

Glinda of Oz

Glinda of Oz is In Which Are Related the Exciting Experiences of Princess Ozma of Oz, and Dorothy, in Their Hazardous Journey to the Home of the Flatheads, and to the Magic Isle of the Skeezers

Glinda of Oz is the fourteenth Land of Oz book written by children's author L. Frank Baum, published on July 10, 1920. It is the last book of the original Oz series, which was later continued by other authors. Like most of the Oz books, the plot features a journey through some of the remoter regions of Oz; though in this case the pattern is doubled: Dorothy and Ozma travel to stop a war between the Flatheads and Skeezers; then Glinda and a cohort of Dorothy's friends set out to rescue them. The book was dedicated to Baum's second son, Robert Stanton Baum
