The History Thieves Secrets, Lies and the Shaping of a Modern Nation* [Portobello Books](#) *In 1889, the first Official Secrets Act was passed, creating offences of 'disclosure of information' and 'breach of official trust'. It limited and monitored what the public could, and should, be told. Since then a culture of secrecy has flourished. As successive governments have been selective about what they choose to share with the public, we have been left with a distorted and incomplete understanding not only of the workings of the state but of our nation's culture and its past. In this important book, Ian Cobain offers a fresh appraisal of some of the key moments in British history since the end of WWII, including: the measures taken to conceal the existence of Bletchley Park and its successor, GCHQ, for three decades; the unreported wars fought during the 1960s and 1970s; the hidden links with terrorist cells during the Troubles; the sometimes opaque workings of the criminal justice system; the state's peacetime surveillance techniques; and the convenient loopholes in the Freedom of Information Act. Drawing on previously unseen material and rigorous research, The History Thieves reveals how a complex bureaucratic machine has grown up around the British state, allowing governments to evade accountability and their secrets to be buried. **Madam C.J. Walker The Making of an American Icon** [Rowman & Littlefield Publishers](#) Madam C. J. Walker—reputed to be America's first self-made woman millionaire—has long been celebrated for her rags-to-riches story. Born to former slaves in the Louisiana Delta in the aftermath of the Civil War, married at fourteen, and widowed at twenty, Walker spent the first decades of her life as a laundress, laboring in conditions that paralleled the lives of countless poor and working-class African American women. By the time of her death in 1919, however, Walker had refashioned herself into one of the most famous African American figures in the nation: the owner and president of a hair-care empire and a philanthropist wealthy enough to own a country estate near the Rockefellers in the prestigious New York town of Irvington-on-Hudson. In this biography, Erica Ball places this remarkable and largely forgotten life story in the context of Walker's times. Ball analyzes Walker's remarkable acts of self-fashioning, and explores the ways that Walker (and the Walker brand) enabled a new generation of African Americans to bridge the gap between a nineteenth-century agrarian past and a twentieth-century future as urban-dwelling consumers.
