With authority and insight, Mengele examines the entire life of the world's most infamous doctor.

Imp

The Complete Story

Crowood Press The Hillman Imp divides opinions perhaps more sharply than any other car in British motoring history. You either love it or hate it. The Rootes Group's answer to the BMC Mini, the Hillman Imp was built in a purpose-built factory in Linwood, Glasgow, and it was hoped that it represented the beginning of a new era for the Scottish motor industry. With the help of interviews with key members of the design team, and unprecedented research of official papers, the story of the design and development of this quirky little car is set against the complex commercial and political intrigue that surrounded it, making this book not just the story of a car but a fascinating insight into an industry in crisis.

Drag

The Complete Story (A Look at the History and Culture of Drag)

Laurence King Publishing Drag is transformation, communication and, above all, exaggeration, where gender non-conformity is the plat du jour. Drag: The Complete Story observes this increasingly complex world by exploring drag's journey through the twentieth century. Corralled into thematic chapters, including glamor drag, art drag, butch drag, black drag, historical drag, comedy drag and popstar drag, this book is the first flamboyant and poignant survey of drag culture. Drag: The Complete Story is not just for fabulous queens and drag enthusiasts, but for anyone interested in gender fluidity and the culture surrounding it. "You come for the glamorous pictures and stay for the sizzling prose. Doonan writes like an angel with a sword: beautifully and provocatively." NY Journal of Books "Barneys' creative ambassador traces drag culture from ancient Egypt through the Renaissance to RuPaul, providing a fabulously comprehensive celebration of the intersection of gender fluidity and fashion." New York Times Book Review "Doonan divides the past and present landscape of drag into nine categories: glamour, art, butch, black, historical, comedy, poster, movie, and radical. Each chapter illustrates how drag queens and kings in those spaces or times periods have helped shape drag in some meaningful way - or, in the case of black drag queens, how they've shaped the LGBTQ community at large in a meaningful way." FastCompany "Whether you're already a massive fan of drag culture, or just interested in learning more about the movement's origins over the centuries - from tabloid scandal in the Victorian era to Emmy-award winning phenomenon in the 21st century - you'll find something to love in Doonan's extensive tome." Bustle "Drag: The Complete Story by Simon Doonan, writer, fashion icon and Creative Ambassador-at-large for Barneys New York, perfectly captures the delightfully drag-filled moment we're currently living in, while offering a glimpse into the long legacy of drag. Over the course of the book, Doonan is able to shine a new light on drag, offering a fresh perspective on an art form that has long gone unrecognized." Newsweek

Smith's prose is a joy' *Independent* 'A wonderful collection; deceptively easy on one level with its whirling library of ghost story, funny story, love story, scary story, and more. She dances surely and lightly over the form' *Guardian* 'Captures quiet epiphanies of the extraordinary in the mundane' *Sunday Times* 'These stories fizz with life' *The Times Literary Supplement*

Royal Enfield Bullet

The Complete Story

The Crowood Press Despite being one of the most successful motorcycles of all time, the Royal Enfield Bullet has had a very chequered history. Then it became a stalwart of the Indian Army and manufacture transitioned from Britain to India. The near-collapse of the Royal Enfield marque in the 1990s almost meant the end of this classic motorbike, but with the involvement of the Eicher Group from 2001 onwards, the updated Bullet generated new interest and renewed its original commercial success, just like a phoenix rising from the ashes. With over 200 photographs, this book describes the origins of the Royal Enfield company and the pre-war Bullets from 1932 and the relaunch of the Bullet in 1949 with its radical swinging-arm frame. Derivative models such as the 350 and 500, as well as those for competition and road are covered as well as specials such as diesels, V-twins, Egli and big-bore Bullets. The development story behind the lean-burn, electric-start and 5-speed updates is discussed as well as the UCE - the all-new Bullet from 2008 and the Classic and its design story. Finally, the evolution beyond the Bullet is covered which includes the Continental GT and Himalyan 650 twins.

Sadako Sasaki was two years old when the atomic bomb was dropped on her city of Hiroshima at the end of World War II. Ten years later, just as life was starting to feel almost normal again, this athletic and enthusiastic girl was fighting a war of a different kind. One of many children affected by the bomb, she had contracted leukemia. The Complete Stories of Evelyn Waugh

Hachette UK A "lavishly entertaining" (Publishers Weekly) distillation of Waugh's genius--abundant evidence that one of the twentieth century's most admired and enjoyed English novelists was also a master of the short form. Evelyn Waugh's short fiction reveals in miniaturized perfection the elements that made him the greatest satirist of the twentieth century. The stories collected here range from delightfully barbed portraits of the British upper classes to an alternative ending to Waugh's novel A Handful of Dust; from a "missing chapter" in the life of Charles Ryder, the nostalgic hero of Brideshead Revisited, to a plot-packed morality tale that Waugh composed at a very tender age; from an epistolary lark in the voice of "a young lady of leisure" to a darkly comic tale of scandal in a remote (and imaginary) African outpost.
