Importing Into the United States

A Guide for Commercial Importers

This edition of Importing Into the United States contains material pursuant to the Trade Act of 2002 and the Customs Modernization Act, commonly referred to as the Mod Act. Importing Into the United States provides wide-ranging information about the importing process and import requirements. We have made every effort to include essential requirements, but it is not possible for a book this size to cover all import laws and regulations. Also, this publication does not supersede or modify any provision of those laws and regulations. Legislative and administrative changes are always under consideration and can occur at any time. Quota limitations on commodities are also subject to change. Therefore, reliance solely on the information in this book may not meet the "reasonable care" standard required of importers.

Handbook of Sports Studies

SAGE Now available in paperback, this vital handbook marks the development of sports studies as a major new discipline within the social sciences. Edited by the leading sociologist of sport, Eric Dunning, and Jay Coakley, author of the best selling textbook on sport in the USA, it both reflects and richly endorses this new found status. Key aspects of the Handbook include: an inventory of the principal achievements in the field; a guide to the chief conflicts and difficulties in the theory and research process; a rallying point for researchers who are established or new to the field, which sets the agenda for future developments; a resource book for teachers who wish to establish new curricula and develop courses and programmes in the area of sports studies. With an international and interdisciplinary team of contributors the Handbook of Sports Studies is comprehensive in scope, relevant in content and far-reaching in its discussion of future prospect.
